Request for Waiver to fill past Bills

We are a therapeutic school serving students identified with severe disabilities. Back during School Year 2011-12, we hired a consultant to complete our ERate filings. This Consultant's responsibilities included annual filings for 470 and 471. Our Consultant abruptly terminated his services, in April 2016, without filing forms 498 for our telecommunication reimbursements. We have paid our providers in full for Internet and phone services during these school years.

We are formerly requesting a waiver to file for School Years 2012-13; 2013-2014 and 2014-2015 to fill the past bills. We are desperately in need of these funds which were paid in full to the providers. Thank you in advance.

Respectfully,

Dawn A. Kum, Ph.D.

Chief Executive Officer
